2021 Celebrations:

Progress Made Across Six Core Areas of *Student Success 2025*

Early Learning

DDOE to require participation in quality rating and improvement system, Delaware Stars by FY24 (for those accepting subsidy) and by FY26 (for all)

Common online statewide school registration system pilot underway

All licensed child care providers will be required to screen children by 2023

Postsecondary Success

More high school students earning dual enrollment credit, work-based learning opportunities, industry credentials

Hundreds of employers offering work-based learning and informing workforce development through Industry Councils

Scholarship programs created and expanded by at least $6M+

Fair and Efficient Funding

Opportunity Funding codified and increased to $35 million which translates into LEAs receiving $600 per English learner and $524.25 per low-income student

Counties to reassess properties for fairer funding system by 2023/2024: New Castle; Kent; Sussex

Early Learning

Personalized Learning

Postsecondary Success

Educator Support and Development

Fair and Efficient Funding

System Governance, Alignment, and Performance

Personalized Learning

Districts and charters secured access to meals, internet, devices, and other basic needs for students during pandemic

School-based wellness centers expanded

Social Emotional Learning toolkits created to support educators

Educator Support and Development

Over 75 Teacher residents placed throughout the state

Delaware has prioritized and more schools have adopted High Quality Instructional Materials (HQIM) leading to higher access to all students

Digital Delaware online resource launched to support learning materials and resources for educators

Competency-based professional learning available to more educators through microcredentials, with initial focus on literacy

System Governance, Alignment, and Performance

Early learning governance consolidated one step further with IDEA part C moving under DDOE

State investment in family engagement, help desks/hotlines, and interpreter services during pandemic
