

Preparing our students for a lifetime of success

The **Vision Coalition of Delaware** is a public-private partnership composed of a broad range of Delawareans who work together to improve Delaware public education.

The coalition's leadership developed the **Vision 2015** plan in 2006. Ten years later, with Delaware moving on more than 75 percent of the recommendations from that plan, the Vision Coalition collaborated with Delawareans to develop a new 10-year plan.

Starting in January 2014, 4,000 Delawareans shared their ideas, perspectives, and opinions during the plan development process. The result is **Student Success 2025**. The goal of **Student Success 2025** is to prepare every Delaware student for a lifetime of success.
