

FUTURE OF EDUCATION VIRTUAL TOWN HALLS

*What does the future of education hold?
What should Delaware prioritize next?*

Earlier this year, the Vision Coalition held five virtual and in-person events where local community members and advocates shared their ideas and perspectives to help shape the future of Delaware public schools. Join the Vision Coalition at any of our virtual Town Hall events this fall to hear the themes we've already heard from Delawareans and to share your feedback. Connect with community members and advocates at one or all of our virtual session!

Please note: Each session is focused on a different topic, so select the sessions you want to attend/register for:
